

Triton Boats

Salutes our Troops

“We humbly salute the sacrifice our military families have made in keeping America safe and strong. The best way we know to do this is to offer all active service and retired military personnel every single one of our boats proudly emblazoned with a custom veteran’s logo and cover and packed with free engine upgrades and other extras. We want to thank you, get you on the water with your families and get you fishing” said Earl Bentz, Triton’s Founder and CEO.

These veteran Edition boats have up to \$5000 of upgrades donated by Triton and its key partners (Mercury Marine, Marine Master Trailers, Attwood, Lowrance, Stearns, Prospec Electronics and Jensen) And it fully supported by their independent network.

Full details of this offer can be found at your local Triton dealership or at www.tritonboats.com.
